REQUIRES - ERP SOLUTION

Presently we are using DOS based software developed in Fox Pro covering Inventory, Sales, Payroll and Financial Accounting. We are planning to shift to Windows based software which can cover Production, Inventory, HR, Sales, Payroll and Financial Accounting as integrated software. As a first phase, we are planning to introduce Inventory, Sales and Financial Accounting modules. It is essential to recover and attach the present data in Fox Pro to the new software.

Quotations are invited from interested parties, highlighting their experience in the field, along with the client list so as to reach us on or before 04/08/2009 5:00 pm. Quotation should be sent to Chief Manager (O), The Travancore Cements Ltd., Nattakom P O, Kottayam, Kerala, PIN– 686 013.
